SUMMARY

Enthusiastic and detail-oriented Mechanical Engineering student with hands-on experience in robotics, CAD design (SolidWorks, ANSYS, CATIA), and programming (Python & C++). Successfully led innovative projects, including an AI-controlled robotic arm and multiple web development initiatives.

WORK EXPERIENCE

Intern - TATA Motors Limited

25 June 2024 - 10 Aug 2024

- Analyzed and resolved leakage issue in ETP adaptor in TML Engine Shop.
- Gained hands-on experience in mechanical failure analysis, quality control, and production optimization.

Intern - Century Pulp and Paper

3 July 2023 - 30 July 2023

- Gained insights into paper manufacturing processes, quality control, and industrial operations.
- Studied machine efficiency, raw material usage, and process improvement strategies.

EDUCATION

Bachelor of Technology in Mechanical Engineering

2021 - 2025

Bipin Tripathi Kumaon Institute of Technology, Dwarahat

- GPA - 69% (till 3rd year)

Intermediate

2019 - 2020

Kendriya Vidyalaya, Ranikhet

- GPA - 83.6%

High School

Kendriya Vidyalaya, Ranikhet

- GPA - 81.7%

SKILLS

- Manufacturing: CNC Programming, 3D Printing, Conventional & Non-Conventional Machining
- Design & Simulation: SolidWorks, CATIA, AutoCAD, ANSYS
- Programming: Python, MATLAB, C++ (basic),
- Tools: MS Excel, Power BI, Power Point, Word

RESEARCH & PUBLICATIONS

- "Design Process and Development of Automation for Smart Buildings", published by IEEE and presented at the 2025 First International Conference on Advances in Computer Science, Electrical, Electronics, and Communication Technologies (CE2CT-2025).
- This research focused on optimizing automation systems for smart infrastructure using modern design methodologies and advanced control techniques.

PROJECTS

AI-Controlled Robotic Arm

September, 2024 - Present

Final Year Project

- Designed and modeled a robotic hand in SolidWorks, and fabricated it using 3D printing with PLA material.
- Integrated AI-based hand gesture recognition using OpenCV and developed a web server for remote operation and real-time control.

CERTIFICATION AND ACHIEVEMENTS

- Secured 2nd position in a college level Hackathon.
- Developed and deployed two websites.
- Completed online internship in AutoCAD from Internshala.
- Completed online internship in CATIA V5 from Coursera.

LEADERSHIP AND EXTRACURRICULARS

- Cultural Captain - Led and organized various cultural events and competitions.
- Club Coordinator - Conducted training sessions on CAD software and Python Programming Language.
